

SESSION 04

Redesigning the Digital Front Door

Unit 1 · Foundations of Creativity and Innovation

120 minutes · studio · COs 109.1, 109.2

THE ONE IDEA

Your customer's first contact with this business is already digital, whether the owner designed it or not.

WHY IT MATTERS

1 **The front door is rarely a website**

For most businesses here it is a WhatsApp number, a Google Maps pin, or a photo someone else uploaded.

2 **It exists already, unmanaged**

Search your anchor right now — whatever comes up is the front door, including nothing at all.

WHAT TO DO WITH IT

3 **Redesign means the whole first contact, not a ho**

mepage: what a customer sees, how they ask, how they pay, how they come back.

4 **Cheap beats impressive**

A correct Google listing with photos and real hours outperforms a website nobody visits.

TODAY YOU WILL

Brainstorm ideas to redesign a basic mobile app or website and create a creative solution — for your anchor's own digital front door.

Prescribed syllabus activity

Marathi or Hindi · 60 minutes

TO CLOSE

Pitch

Three minutes. The person, the stuck, the idea, the picture, the ask.

Critique

I like... / I wish... / What if... — the idea, never the person.

Idea log

One page. Silent. Box 4 is the one you read again in week 15.
