

SESSION 11

SCAMPER — Seven Ways to Change a Thing

Unit 3 · SCAMPER Technique for Innovation

120 minutes · studio · COs 109.3, 109.2

THE ONE IDEA

SCAMPER is not inspiration. It is seven questions asked in order, and it works even on a day when you feel like you have no ideas.

WHY IT MATTERS

1 **The seven prompts**

Substitute, Combine, Adapt, Modify, Put to another use, Eliminate, Rearrange.

2 **Order matters less than completeness**

Running all seven badly beats running two well — the value is in coverage.

WHAT TO DO WITH IT

3 Eliminate is the most productive and the least used

People add. Removing is where the surprises are.

4 Write before you judge

Fill all seven rows first. Evaluate afterwards, never during.

TODAY YOU WILL

Run all seven prompts on a physical object in this room,
then on one you chose.

TO CLOSE

Pitch

Three minutes. The person, the stuck, the idea, the picture, the ask.

Critique

I like... / I wish... / What if... — the idea, never the person.

Idea log

One page. Silent. Box 4 is the one you read again in week 15.
