

SESSION 05

From Many Ideas to One

Unit 1 · Foundations of Creativity and Innovation

120 minutes · studio · COs 109.1, 109.2

THE ONE IDEA

Choosing is harder than generating, and it is where most student projects quietly fail.

WHY IT MATTERS

1 **You now have more ideas than time**

Four sessions of material. That is the good problem.

2 **Three questions, in order: can the owner actual**

y do this? Can they start this month? With what they already have?

WHAT TO DO WITH IT

- 3** **An idea that fails any of the three is not a bad**
idea — it is a later idea. Write it down and set it aside.

- 4** **Commit**
From here to Session 15 you are developing one idea, not keeping five alive.

TODAY YOU WILL

Choose the single idea you will carry to the end of the semester, and write the case for it in five sentences.

Marathi or Hindi · 60 minutes

TO CLOSE

Pitch

Three minutes. The person, the stuck, the idea, the picture, the ask.

Critique

I like... / I wish... / What if... — the idea, never the person.

Idea log

One page. Silent. Box 4 is the one you read again in week 15.
