

## SESSION 07

# Mapping to Break a Problem Down

Unit 2 · Mind Mapping and Creative Thinking Techniques

120 minutes · studio · COs 109.4, 109.2

## THE ONE IDEA

You cannot act on 'sales are down'. You can act on 'nobody within two streets knows we deliver'.

## WHY IT MATTERS

### 1 **The centre changes**

Last session the centre was the business. Today it is the problem — the sentence you wrote in Session 2.

### 2 **BOIs become causes**

Four to seven candidate reasons this problem exists. Not solutions yet.

## WHAT TO DO WITH IT

### **3 Keep splitting until it is small**

A leaf you can act on this week without permission or money.

### **4 Most problems are three small problems wearing o**

ne big name.

## TODAY YOU WILL

Map one anchor problem until you reach a leaf you could act on this week.

Marathi or Hindi · 60 minutes

## TO CLOSE

### **Pitch**

Three minutes. The person, the stuck, the idea, the picture, the ask.

### **Critique**

I like... / I wish... / What if... — the idea, never the person.

### **Idea log**

One page. Silent. Box 4 is the one you read again in week 15.
